Key Learnings

- Identify different ways of looking at change
- Create a change implementation strategy
- Make change easier for yourself and others
- Develop techniques to cope with change, including resiliency and stress management
- Know how to maintain a sense of control during a change

Session Snapshot

"Change management is a structured approach for ensuring that changes are thoroughly and smoothly implemented, and that the lasting benefits of change are achieved.

The focus is on the wider impacts of change, particularly on people and how they, as individuals and teams, move from the current situation to the new one.

- What is change?
- Identifying the need for change
- Identifying the cost and benefit
- How to responding to change
- Creating and implementing a strategy
- Planning for change
- Empowering employees
- Building resiliency in teams
- Communication skills
